

## Valid Photo ID

This can be a driver's license, state-issued ID, passport, or military ID. If you're a student, you can bring your school ID and a copy of your birth certificate.

## Current Address

- The first time you come in, we'll need proof of your current address. This can be a paycheck stub, utility bill, copy of your housing lease, or school enrollment form.
- Each following donation, we'll just ask you to confirm your current address. No proof needed!
- If you move, you'll have to provide proof of your address again.

# WHAT TO BRING

There are a few items you have to bring with you each time you wish to donate.

## Know Your Social Security Number

- Each time you donate, we'll ask for your social security number.
- If you know your social security number, you can provide it verbally. Or, you can provide proof of your social security number. Proof includes your social security card, a W-2 form or paycheck stub with your full name. If you're not a US citizen, you may provide proof of your individual taxpayer identification number (ITIN).
- If you provide physical proof, the name on your photo ID must match EXACTLY with the name on your proof of social security number.

## QuickPass Barcode (Optional)

- Instead of filling out your health questionnaire at the NuPlasma center, fill it out ahead of time on your phone or laptop on the day you donate!
- You can find the questionnaire on NuPlasma's Donor Resources page or by visiting [www.aboquickpass.com/welcome?cust=NUP](http://www.aboquickpass.com/welcome?cust=NUP)
- After completing the questionnaire, be sure to either print out the barcode or take a screenshot of the barcode on your smartphone.
- Your barcode expires at midnight on the day you complete the questionnaire.

If you have any questions about what to bring, feel free to call your local NuPlasma center using the "Contact Us" page!
